

**SR Series**

**THERMOFORMED ABS**

The PURA SR-120 is the perfect recreational kayak for beginners and those looking for a stress-free paddle. Heavy on style but easy to handle, both on and off water, the PURA SR-120 is a joy to paddle. Stable, responsive and comfortable! This versatile kayak will let you explore with confidence.

already earning the trust of seasoned paddlers.

The ergonomic cockpit with our industry leading 5-Way Adjustable Seat will fit a wide range of paddlers and the new day hatch is within easy reach. Sharing many features with our touring kayaks, the PURA SR-120 also comes with Safe Hatches for storage & a full compliment of safety lines & bungee cords on deck.

Rough Water Ready – Beginner Friendly!

**THERMOFORMED ABS**

Designed to give kayakers comfort and stability with agile yet reassuring handling, the HALO SR-130 will make all your adventures memorable. Experienced paddlers and those looking to develop their skills will appreciate the HALO SR-130's potential. This is truly a light, fun kayak!

storage and a full compliment of safety lines and bungee cords on deck.

Inspired by the very latest in advanced hull design, Seaward has crafted a fast, stable kayak that tracks effortlessly & ensures a 'dry ride.' The HALO SR130 is already gaining praise from Outdoors Magazine and received their 2013 Gear of the Year Award.

Rough Water Ready – Beginner Friendly!

**THERMOFORMED ABS**

Fast, sleek, stable and seaworthy – the Compass SR-140 does it all. While not a full touring kayak, this craft gives you options. With enough storage capacity for an overnight trip, yet light enough to easily carry, this is a versatile recreational kayak. The Compass SR-140 will turn on a dime, handle rough water and more importantly, put a smile on your face.

Sharing many features with our touring kayaks, the COMPASS SR-140 also comes with Safe Hatches for storage & a full compliment of safety lines & bungee cords on deck.

Inspired by the very latest in advanced hull design, our designer has crafted a fast, stable kayak that tracks effortlessly & ensures a 'dry ride.'

**BAFFIN Series**

**THERMOFORMED ABS**

The Baffin is built for the rigors of rough seas. Its unique hull design provides paddlers with a lively yet stable boat compared to other greenland style kayaks.

handy while on the water.

The Baffin comes with a full compliment of deck rigging and a comfortably outfitted cockpit. This versatile series makes choosing a kayak a breeze with its three different sizes all available in rotomolded plastic, thermoformed ABS or composite construction. See the table below for technical specifications and the paddler weight range of each model.

The three models in the series are well suited for a wide range of paddlers demanding immediate control and predictability. The generous-sized hatch openings allow paddlers to load up adequate amounts of gear for up to two weeks and the day hatch keeps your essentials

	Length	Width	Cockpit	Kayak Weight PE/ABS	Kayak weight (composite) FG/UV/CA	Min/Max weight of paddler	Load limit	Total Volume	Type of Chine	Béluga skirt size
<b>Baffin 1 Skag</b>	16'5" (5 m)	21 1/2" (54.6 cm)	16" x 31" (41 x 79 cm)	65/53 lbs (29.5/24 kg)	53/48 lbs (24/22.0 kg)	90 to 190 lb (41 to 73 kg)	240 lb (109 kg)	91 gal us (345 L)	Reverse Hard Chine	Large

<b>Baffin 3 Skag</b>	17'8" (5.4 m)	23 1/4" (59.05 cm)	16 1/2" x 31" (42 x 79 cm)	69.4/57 lbs (31.5/26 kg)	56/51/47 lbs (25.5/23/21.5 kg)	200 to 300 lb (91 to 136 kg)	275 lb (102 kg)	103 gal us (390 L)	Reverse Hard Chine	X-Large

**EPSILON Series**

**THERMOFORMED ABS**

The Epsilon is the best selling series for tour operators and rental fleets since such a wide variety of paddlers fit in this stable and predictable craft. A rudder, ample deck bungees, and a full compliment of deck safety line are placed strategically to maximize your storage. Boreal Design has invested in high quality materials in all three constructions and our bulkhead installation is renowned as being the most reliable.

and up to 300 lbs. The Epsilon is a smooth, predictable, and stable craft; even in rougher water the ride is quite dry. Load up for a couple weeks and enjoy the speed of the Epsilon. Simply a delightful kayak to paddle, count on its dependability!

This versatile series is available in three sizes - making it accessible to any sized paddler - and available in rotomolded plastic, thermoformed ABS or composite construction. See the table below for technical specifications and paddler weight range of each size.

	Length	Width	Cockpit	Weight (plastic) PE/ABS	Weight (composite) FG/UV/CA	Min/max weight of paddler	Load limit	Total Volume	Type of Chine	Béluga skirt size
<b>Epsilon 100 Rudder</b>	16'5" (5 m)	21 1/2" (54.6 cm)	16" x 31" (41 x 79 cm)	65.7/54.8 lbs (29.8/24.9 kg)	53/48/44 lbs (24/22/20 kg)	90 to 190 lb (41 to 73 kg)	240 lb (109 kg)	91 gal us (345 L)	Soft	Large

<b>Epsilon 300 Rudder</b>	17'6" (4.9 m)	23 1/4" (59.05 cm)	16 1/2" x 31" (42 x 79 cm)	69.8/59 lbs (31.7/26.9 kg)	56/51/47 lbs (25.5/23/21.5 kg)	200 to 300 lb (91 to 136 kg)	275 lb (102 kg)	103 gal us (390 L)	Soft	X-Large

**KASKO & OOKPIK**

**HIGH DENSITY POLYETHYLENE**

The Kasko and Ookpik are 2 very agile recreational kayaks ideally suited to exploring winding rivers, lakes, and coastlines. With a smaller coaming, the Kasko will appeal to smaller sized paddler and the Ookpik for those wishing for a wider fit. Both are equipped with thigh braces and a smaller rudder system to maximise ease control.

	Length	Width	Cockpit	Kayak Weight (rudder)	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Béluga skirt size
<b>Kasko rudder</b>	13' (3.96 m)	23 1/2" (59.6 cm)	16" x 30" (41 x 76 cm)	56.2 lb (25.5 kg)	90 to 250 lb (41 to 114 kg)	275 lb (125 kg)	100 gal us (375 l)	Reverse hard chine	Large
<b>Ookpik rudder</b>	13' (3.96 m)	24" (61 cm)	18" x 32" (46 x 81 cm)	60 lb (29 kg)	120 to 286 lb (55 to 130 kg)	285 lb (130 kg)	106 gal us (400 l)	Reverse hard chine	X-Large

**SEDNA**

**HIGH DENSITY POLYETHYLENE**

The Sedna is one of our most versatile models. Its arched hull shape and waterline length have been designed to provide stability combined with very predictable behavior, easy handling while requiring a minimum effort to maintain a good cruising speed. These characteristics are sure to appeal to the day or weekend paddler who loves to go exploring in all types of weather and water conditions without the storing inconvenience of a 17 foot kayak. Comes standard with a rudder system.

Length	Width	Cockpit	Kayak Weight (rudder)	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Skeg or Rudder	Béluga skirt size
15' (4.57 m)	23 1/4" (59 cm)	17" x 32" (43 x 81 cm)	65 lb (29.8 kg)	120 to 225 lb (55 to 102 kg)	260 lb (118 kg)	103 gal us (390 l)	Soft	RUDDER	Large

**INUKSHUK**

**HIGH DENSITY POLYETHYLENE**

The Inukshuk, combining elegance and performance, is unquestionably the fastest kayak in its category. Its long waterline and tapered contour allow the kayak to accelerate quickly and track beautifully, while the upswep bow provides buoyancy when paddling in waves. A moderate rocker makes the kayak very agile while performing a lean turn while a high back deck provides ample storage for extended touring. This comfortable and spacious kayak features a low profile offering minimal wind resistance, making the Inukshuk easy to control regardless of the skill of the pilot.

Length	Width	Cockpit	Kayak Weight	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
17' (5.18 m)	23 1/2" (59.6 cm)	16 1/2" x 31" (42 x 79 cm)	65 lb (29.8 kg)	120 to 225 lb (55 to 102 kg)	275 lb (125 kg)	106 gal us (400 l)	Soft	RUDDER	Large

**MUKTUK**

**HIGH DENSITY POLYETHYLENE**

The Muktuk's low profile offers plenty of thigh support, making it ideal for small to medium-sized paddlers. Its shape generates minimal wind resistance, great storage and the kayak is highly responsive during turns. A tapered contour adds speed to a craft that is stable, comfortable, and easy to paddle.

Length	Width	Cockpit	Kayak Weight	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
16' (4.9 m)	23 1/4" (59.05 cm)	16 1/2" x 31" (42 x 79 cm)	61.7 lb (28 kg)	90 to 190 lb (41 to 86 kg)	275 lb (102 kg)	103 gal us (390 l)	Soft	RUDDER	Large

**ESPERANTO**

**HIGH DENSITY POLYETHYLENE**

The Esperanto is one of the fastest plastic tandems on the market. It is easy to paddle, comfortable, stable and can reach impressive cruising speeds. A moderate rocker and a large rudder contribute to efficient turns. The practical center compartment can be used for extra storage or outfitted with our optional child seat/bulkhead. The cockpits are spaced sufficiently apart allowing the paddlers to paddle at their own speed without risk of accidental collision between paddlers. This makes the Esperanto ideally suited to a pair of paddlers with mixed abilities, families with young children or a long expedition needing high volume of storage and displacement.

Length	Width	Cockpit	Kayak Weight	Min/Max weight of paddler	Recommended load limit	Total Volume	Type of Chine	Options	Steering system	Béluga skirt size
19'6" (5.9 m)	28 1/2" (72.4 cm)	17 x 32" (43 x 81 cm)	97 lb (44 kg)	90 to 240 lb (41 to 109 kg)	480 lb (218 kg)	195 gal us (738 l)	Soft	Child Seat	RUDDER	Large or X-Large

**COSMA**

**THERMOFORMED ABS**

An incredibly quick and yet amazingly stable platform for folks under 175 lbs, the Cosma is geared towards slender paddlers and features an innovative Multi-Chined hull design. The Cosma is a stable, quick and responsive kayak tailor made for long expedition where rough water conditions are to be expected. The Cosma's fine entry, moderate rocker, 23" beam and shallow "V" multi-chined hull makes this a stable and seaworthy for any paddler regardless of skill level.

Length	Width	Cockpit	Kayak Weight	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
16'2" (4.9 m)	23" (58.4 cm)	16" x 31" (40 x 79 cm)	51 lb (23 kg)	90 to 225 lb (41 to 102 kg)	325 lb (147 kg)	40 gal us (151 l)	Multi-Chine	RUDDER	X-Large

**PASSAGE**

**THERMOFORMED ABS**

The Passage is a speedy, light weight tandem with a stable hull, comfortable for new and experienced paddlers. We have developed the cockpits to accommodate paddlers of all sizes. The outstanding comfort of the Passage is excellent for an afternoon cruise or a multi-day trip.

The Passage is not only incredibly stable - ideal for fishing, photography and wildlife viewing - but with its long waterline length, astounding volume, 'dry ride' and comfort, the Passage is a capable long range cruiser yet remains a fun kayak for an afternoon paddle. An excellent value at an affordable price!

Length	Width	Cockpit	Weight (plastic) ABS	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
18'3" (5.56 m)	29" (73.6 cm)	18 1/2" x 38" (47 x 96 1/2 cm)	75 lb (34 kg)	90 to 300 lb (41 to 136 kg)	550 lb (249 kg)	52 gal us (200 l)	Deep V Soft	RUDDER	2X-Large

**ALVIK & NARWHAL**

**COMPOSITE**

The Alvik and the Narwhal are designed for the intermediate paddlers seeking performance, comfort and elegance. It is also an excellent option for beginners who aspire to attain a higher skill level. A long waterline allows the paddler to achieve excellent acceleration and cruise speeds. A moderate rocker enhances maneuverability when leaning. For long and short expeditions, loaded or not, the Alvik and Narwhal are always an outstanding choice.

	Length	Width	Cockpit	Kayak Weight (FG / KV / CA)	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Béluga skirt size
<b>Alvik Rudder</b>	17" (5.18 m)	23" (58.4 cm)	16" x 30" (41 x 76 cm)	51 / 46 / 42 lb (23/20.9/19.1 kg)	120 to 225 lb (55 to 102 kg)	260 lb (118 kg)	106 gal us (400 l)	Soft	Large
<b>Narwhal Rudder</b>	16" (4.88 m)	24 1/4" (61.6 cm)	17" x 32" (43 x 81 cm)	51 / 46 / 42 lb (23/20.9/19.1 kg)	90 to 225 lb (41 to 102 kg)	250 lb (114 kg)	106 gal us (400 l)	Soft	Large

**PAKESSO**

**COMPOSITE**

The Pakesso is both compact and lightweight. The rudder will appeal to the novice paddler by allowing them to easily steer the kayak in adverse conditions while the skeg-equipped Pakesso will delight intermediate paddlers looking for maneuverability and control in a small package. A more experienced paddler will appreciate the reverse hard chine combined with a semi-arched hull. Standard equipment includes a rudder or skeg system, a comfort seat, recessed hatches with quick release, thigh braces, recessed fittings, and deck lines.

Length	Width	Cockpit	Kayak Weight (Skeg) FG / KV / CA *	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
14'6" (4.42 m)	22 1/2" (59.06 cm)	16" x 30" (41 x 76 cm)	46 / 45 / 39 lb (20.9/19.5/17.8 kg)	90 to 225 lb (41 to 102 kg)	260 lb (118 kg)	103 gal us (390 l)	Reverse hard chine	SKEG or RUDDER	Large

**ELLESMERE**

**COMPOSITE**

With an outline mirroring the silhouette of traditional Greenland kayaks, the Ellesmere combines the advantages of the reverse hard chine with the semi-arched hull giving it great speed and maneuverability. Designed for the experienced paddler, standard equipment includes a skeg, sturdy anodized aluminum footrests, a backband seat, thigh braces, recessed fittings, and deck lines. The kayak also features a practical paddle rest in front of the cockpit. A day hatch is available as an option.

Length	Width	Cockpit	Kayak Weight (Skeg) FG / KV / CA *	Min/max weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
17' (5.18 m)	22" (55.9 cm)	16 x 30" (41 x 76 cm)	52 / 47 / 43 lb (23.5/21.4/19.5 kg)	120 to 225 lb (55 to 102 kg)	275 lb (125 kg)	92 gal us (350 l)	Reverse hard chine	SKEG	Large

**LABRADOR**

**COMPOSITE**

The Labrador is a member of the family of the reverse hard chine, a line of performance-oriented kayaks for which BORÉALDESIGN is well known. It's designed for paddlers looking to combine speed and exceptional tracking ability with sufficient storage for excursions lasting several days. The Labrador's long waterline and hull shape are optimized to reduce the impact of wave and water friction. The Labrador comes standard with our rudder system, compass provision, and day hatch.

Length	Width	Cockpit	Kayak Weight (Skeg) FG / KV / CA *	Kayak Weight (rudder) FG / KV / CA *	Min/Max weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
18'4" (5.59 m)	21" (53.3 cm)	16 x 30" (41 x 76 cm)	54 / 49 / 45 lb (24.5/22.3/20.5 kg)	56 / 50 / 46 lb (25.5/22.7/20.9 kg)	120 to 225 lb (54 to 102 kg)	300 lb (136 kg)	109 gal us (450 l)	Reverse hard chine	RUDDER or SKEG	Large

**BELUGA**

**COMPOSITE**

The Beluga is a composite tandem that ensures ease and confidence from the first strokes of your paddle. This kayak combines stability and performance and is capable of reaching high cruising speeds with minimal effort. A moderate rocker coupled with a larger rudder make the Beluga easy to turn. Large cockpits offer ample room for the legs and feet and are spaced sufficiently apart, allowing the paddlers to paddle at their own speed without risk of accidental collision between paddlers. This makes the kayak ideally suited to a pair of paddlers with mixed abilities, families with young children or a long expedition needing high volume of storage and displacement.

Length	Width	Cockpit	Kayak Weight (rudder) FG / KV / CA *	Min/Max weight of paddler	Recommended load limit	Total Volume	Type of Chine	Options	Steering system	Béluga skirt size
21' (6.4 m)	28 1/2" (72.4 cm)	17 x 32" (43 x 81 cm)	82/76/70 lb (37.3/34.5/31.8 kg)	90 to 240 lb (41 to 109 kg)	500 lb (227 kg)	198 gal us (750 l)	Soft	Child Seat	RUDDER	Large or X-Large

**CHINOOK**

**THERMOFORMED ABS**

The Chinook is a four operator's dream. The efficient hull design will load up while carrying larger paddlers without wearing them out. The Chinook features a large cockpit, inherent stability, and a feeling of speed when paddling. The Chinook is not only incredibly stable - ideal for fishing, photography and wildlife viewing - but with its long waterline length, astounding volume, dry ride and agile performance, the Chinook is a capable long range cruiser yet a fun kayak for an afternoon paddle.

Length	Width	Cockpit	Kayak Weight (Skeg) FG / KV / CA *	Recommended weight of paddler	Recommended load limit	Total Volume	Type of Chine	Steering system	Béluga skirt size
17' (5.2 m)	24" (58.4 cm)	16 1/2" x 32 1/4" (42 x 82 cm)	56 lb (25 kg)	125 to 375 lb (56 to 170 kg)	400 lb (181 kg)	62.3 gal us (236 l)	Soft	RUDDER	X-Large
